**ROGER THATCHER, PHD,**

As Mario Cruz Neal, I am writing to address a recent subpoena that has been dispatched under the case number **2022DC000915**.

This email serves as a reminder of the official subpoena documents you have previously received through postal mail, dated April 14, 2024, along with the corresponding USPS tracking number provided here:

**9405 8301 0935 5087 0218 04**

For your convenience, I am attaching a digital copy of the relevant subpoena to this email. The subject of the subpoena pertains to required records and communications concerning Thomas Neal, Mario Neal, and the minor children: Josephine Ann Neal (DOB 08/13/2015), Lillian Cruz Neal (DOB 08/21/2018), and Agustin Cruz Neal (DOB 08/21/2018).

I kindly draw your attention to the imminent deadline on May 1, 2024, for the delivery of the requested records to Mario Neal, **929 Spindletree Ave, Naperville, IL 60565**, as indicated in the subpoena.

While physical submission of records is perfectly acceptable, as a preferred alternative, you may also choose to email these documents to me directly at [mneal@naperville203.org](mailto:mneal@naperville203.org).

The subpoena has been issued in accordance with the Illinois Compiled Statutes (ILCS), specifically 735 ILCS 5/2-1101. Non-compliance within the stipulated timeframe obligates your attendance at the court hearing scheduled for **May 13, 2024, at 1:30 PM**.

Please note that non-compliance with this subpoena may be liable to judicial sanction. You are hereby reminded of your professional duty to retain, preserve, and protect all documents that are potentially responsive to this subpoena.

**Any discrepancies or omissions in the production of documents will be challenged under the law, so we request your diligent attention to this matter. Together, we can ensure this legal process moves forward smoothly, ideally without the need for any courtroom involvement. I trust that's a shared goal for all parties involved.**

Thank you again for your attention in this case, and do respond if you have questions or require any assistance.

Sincerely,

Mario Cruz Neal
